The Mason Line

by Chen Mason

Last week was "National Newspaper Week" and a good job of publicizing they did too, but with all the info we received including an excellent talk by the editor of the Review we still can't find out where the newspaper fraternity gloms onto such earth shaking space takers as "Florida Times" have been running 250 to the box as against 175 a year ago."

You don't suppose "Whistler's Mother" was watching a Jack Benny show at the time she was having her portrait painted, do you? He affects us the same way, Mom!

Great emphasis has been placed on the fact that our elementary schools here in Southern California have been sorely pressed in trying to keep up with the ever increasing enrollment. Now, our high schools find themselves in the same dilemma. As the tide moves forward, think what our colleges will face in the next five to ten years.

Parents with young people in high school or about to enter high school should emphasize now the importance of attaining high grades if their youngsters plan to eventually go to college. Scholastic entrance requirements of our colleges will, of necessity, become higher. Just one more reason why the expression "Carefree youth" should be discarded. Our kids may appear to be carefree, but they have their problems even as you and I.

We'd like to be in on a used car salesman's pitch when he tries to sell a used Jaguar. "This one was owned by a little old lady who never drove it over 95 m.p.h. to the market and back."

Congratulations to Swimming Pool Committee Chairman Emmett Marshall, legal counsel Vroman Dorman and the entire committee for the progress they've made with this important community project.

It would seem reasonable to suggest to all local clubs and organizations that they consider taking part again this next year in helping to promote the completion of the pool. We can think of no recreational activity where so many (young and old) can participate.

COLLECTIONS POOR ON 'SUCCESS' DRIVE

After one day of house to house canvassing this week, contributions to the United Success Drive for the Heartland area which includes Lemon Grove, Spring Valley, La Mesa and El Cajon, amounted to \$635, or 1.8% of the area's quota.

Earl Smart, chairman of the Lemon Grove area, said that no report had been made to him by his house-to-house committee after the first day.

Quota for Lemon Grove is \$14,250.

Lions to Contribute \$1000 To Swimming Pool Fund Via Halloween Party

There's an added incentive this year for attending the Lions annual Halloween party. This year, in addition to a full schedule of fun, the profits from the event will go into the Lemon Grove Swimming Pool fund.

The dinner dance will be held Saturday, October 29 at El Morocco at Euclid and Federal and the \$3 charge will include a smorgasbord dinner and an evening of dancing. It will also entitle the contributor to enter the masquerade contest for a clock-radio and a host of other prizes.

Bob Vaught, chairman of the Halloween party, said that at least \$1,000 for the swimming pool was anticipated. The Swimming Pool Association last week had found a site for the pool at Washington and Mt. Vernon Streets.

Another gimmick to add additional dollars into the fund is a raffle in connection with the dinner dance. A nationally known console television, radio, phonograph combination will be raffled off. Tickets are now being sold through Henry Goldy, Lions party ticket chairman.

Other committee members include Bob Von Weller, Al Cole and Tom Walton.

"We expect this year's party to break all attendance records," "Puff" Holaday, Lions Club president said.

Jr. Chamber Planned

Lemon Grove will soon boast a Junior Chamber of Commerce. An organizational meeting will be held Tuesday night at Michael's at 7.

Vote Friday On High School

A special bond election in Grossmont Union High School District, for a bond issue of \$2,250,000—that's two and a quarter million dollars—will be held Friday.

The need for the issuance of the bonds, and the purposes for which it is intended that the proceeds of the bond issue will be expended, are additional school facilities. Estimated enrollment September 1957 is 6800, or 1200 over capacity of existing facilities, thus creating the foregoing need.

"It is proposed to build a high school at Mitchell Street and Sweetwater Road, between Lemon Grove and Spring Valley."

The proceeds of the bond issue may also be expended for any of the purposes specified in Education Code Section 1401, which are included in the bond proposition as specified in the notice calling the bond election."

The above paragraphs taken from the card sent by Lex Lord, registrar of voters.

From green pamphlet prepared for the Grossmont Citizens Advisory Committee, edited by Lewis F. Smith, district superintendent, comes a seven-page pamphlet with two appendices.

"The issue facing citizens is Shall we vote to authorize bonds in the amount of \$2 and a quarter million, the proceeds to finance construction of a high school for 1500 pupils on Sweetwater Road to serve the Spring Valley-Lemon Grove area and relieve pressures at El Cajon Valley, Grossmont and Helix High Schools."

Question 2—Is this building program needed?

Answer: The combined capacity of the three high schools mentioned above is 5,600. Present enrollment is 5,350. Next year we will enroll 6,200. For 1957-58 school year over 6800. In 1958-59 it will climb to over 7350. In 1962 the enrollment will be over 9800.

Double sessions are ahead if immediate action is not taken. It takes two years to plan and construct a new high school.

Action is needed now!

Question 3: What is wrong with the double session?

Answer: Some of the serious effects of the double session are: It cuts time in school to 1/2 or less of regular. It impairs scholastic achievement. Failures increase. Pupils come to school nervous and tired. In many homes both parents work and children are left unsupervised. This condition is responsible for increased delinquency.

Question 4: Why don't we build more portables to meet the need for classrooms?

Answer: This paragraph is not quoted because of length. Briefly, cost of 13 portables in Grossmont District has been about \$5 per square foot. They are educational.

BUSINESS WOMEN TO GIVE MONEY-DRESS DOLL

By MRS. ABE GOLDBERG

The facts of the proposed bond issue for a high school to be built in the Lemon Grove, Spring Valley vicinity were presented by Tom Warburton, principal of Grossmont High School, to the membership of the Business Women's League at their regular dinner meeting Thursday at Michael's.

Voting on the proposal is to take place Friday, October 14 and the election is being called by the Grossmont Union High School District board of trustees.

Mrs. Gerald Howell, program chairman, introduced the speaker and suggested an open forum discussion of the subject at the conclusion of the talk. Many members participated with questions and answers.

Mrs. Calvin Nichol, president of the league, appointed Mrs. Alfred Huebsch, general chairman of the annual Christmas project for the upkeep of the Plaza. Funds realized from this affair aid in the overall maintenance of the Plaza grounds, which extend from North to Central Avenues on Main and Imperial.

Mrs. Vera Chaffee, a member of the league, will dress a doll with one hundred one dollar bills plus a surprise amount to be enclosed in the purse of the costume. Each merchant by request will have an opportunity to display the doll in his window after October 20. The doll will be given to the lucky ticket holder on Thursday before Christmas.

The following committees are working on the project: Display, Mrs. Robt. Pulliam, Mrs. Burton Snyder; carrying case, Mrs. Gerald Howell, Mrs. Alfred Cole; tickets, Mrs. James Oyler, Mrs. Herbert Lowe; publicity, Mrs. Abe Goldberg, Mrs. Gerald Howell, Mrs. Bob Pulliam.

Further details will be announced in the next issue of the Lemon Grove Review. The regular luncheon meeting of the league will be held November 2 at Michael's.

MANOR HOTEL TO BE HOST TO STYLE SHOW BY HELEN GAULDIN'S SHOP

By MAX GOODWIN

Helen Gauldin, who operates the Style Shop at 7808 Broadway, will hold a style show at the Manor Hotel October 20, she announced this week.

The showing will be in the Mississippi Room at 12:30. Mrs. Gauldin said that her shop would have the entire program and that five models would show wear for afternoon dressy occasions.

"We feel honored that we were chosen to put this show on," Mrs. Gauldin said. "It does bear out our belief that we show consistently sensible style."

Luncheon price which includes the show at the Manor is \$1.75. The public is invited.

JUNIOR ACHIEVEMENT PROGRAM PLANNED

This year Junior Achievement will again be open for the Helix High School students. Junior Achievement is a non-profit, educational program supported by the business community for teaching boys and girls how business operates.

At least 25 different fields of work will be open in Junior Achievement. Almost any kind of business can be set up by the members. They choose their product, then select their officers and then sell their stock. Then they are ready to manufacture.

A student must be between the ages of 15 and 21 and have a scholastic grade no lower than a C. His counselor must recommend him also.

The week has finally arrived! At last, Lemon Grove has united to stage its own civic promotion on Lucky Lemon Days, Thursday, Friday and Saturday.

What will attract Lemon Grove shoppers this week? Mostly marked down prices on every conceivable type of merchandise just to prove that you can get as good a selection at prices as low as or lower than downtown. Add to this plenty of free parking and no city sales tax and you have the ingredients of a perfect shopping foray. There will be other things like free prizes with such things as an electric dryer, men's and women's clothing and gift certificates for hundreds of wanted things. Tickets will be distributed to all who visit the business district and a drawing on Saturday will determine who wins what.

There will also be a junior raffle on Saturday. This one is restricted to small fry. Only youngsters may enter it and the prizes are chosen for youngsters.

The personal appearance of two well-known television personalities, Johnny Jet and Uncle Russ, will spice up the program, especially for the kiddies.

See Uncle Russ and Johnny Jet Saturday 1 to 3 p.m. on the plaza opposite the Grove Theatre.

In addition to newspaper advertising, the merchant's division of the Lemon Grove Chamber of Commerce has also purchased radio and tv time. Participating merchants have purchased large yellow lemon streamers to identify themselves with the event.

Participants point out that there will be no obligation to take part in the huge drawing event. All merchants will supply these tickets free.

Committee for the event are Abe Goldberg, Bob Vaught, Bob Pulliam and Ted Skelley, all local businessmen. The promotion is planned as part of a series which will help offset the impact of a shopping center scheduled to be started soon at the outskirts of Lemon Grove.

While a sizeable list of offerings appears in today's newspaper, it is not complete. There are other good values prominently displayed in the local store whether they advertised it or not.

Best of all, shopping locally helps the entire community from schools to churches, and that, of course, helps you!

Some Lemon Grove residents are receiving the Review for the first time this week. It is part of the promotion of the business division of the Lemon Grove Chamber of Commerce in which all are invited to take part in the first Lucky Lemon Days Event.

Low Prices, Prize Drawings, Free Merchandise, and Entertainment, are a part of this event.

General Meeting Called By Women's Auxiliary

By MRS. JOHN LANDESCO

A general meeting of Grossmont Hospital's Women's Auxiliary has been set for Friday, 10 a.m., at Masonic Temple, Balmaine Lane, El Cajon. In making the announcement, Mrs. J. "Not only will the by-laws amendments be given a second reading and be voted upon," she said, "but the nominating committee will make its report and the new officers for 1956 will be elected."

In addition to the subjects mentioned by Mrs. Coutts, many other important matters will be presented and discussed, such as progress of the in-hospital and out-hospital services of the auxiliary; report on the recent Harvest Ball; the auxiliary's participation in the October 26-28 conference of the California Hospital Association, to be held at U. S. Grant Hotel; and its sponsorship of a free showing at Helix Theatre, La Mesa, on November 1 and 2, of the American Cancer Society's film, "Breast Self-Examination," which all interested women in the area will be invited to attend.

Solleder, district administrators, will attend the California Association of School Administrators Convention in San Diego, October 19 to 21. A joint meeting of the two groups is scheduled for October 21.

California Masons To Build Temple In S. F.

HENRY C. CLAUSEN
Grand Master of Masons
in California

SAN FRANCISCO—San Francisco's skyline is going to be different.

Ground will be broken October 26 for a new \$5,500,000 Masonic Temple on Nob Hill, it was announced by Henry C. Clausen, grand master of Masons in California. The temple will be a memorial to all California and Hawaii Masons who lost their lives in any war in which the United States took part.

The ground breaking ceremonies will be conducted by Grand Master Clausen and other officials of Grand Lodge, F & AM of California and will be open to the public.

Site of the new building is at the southwest corner of Taylor and California Streets, opposite Grace Cathedral. Construction is expected to require about 18 months.

The new temple will be of steel and concrete, with marble facing on the sides facing the streets. The three main stories will face on California Street but underneath these will be a 450 car garage, an exhibit space of 11,000 square feet and a dining room with capacity of 1,200 persons.

Of the main floors, the first will be occupied with the lower portion of the auditorium, with seats for 2,000, various committee rooms and a large memorial lobby. On the mezzanine floor will be the balcony of the auditorium, with seats for 1,200 more, organ loft and various accessory rooms. The third floor will house the general offices of Grand Lodge and its standing committees. A terrace will extend along the Taylor Street side and part of the California Street side, the rest of which will be occupied by a pillared porch.

The entire building will be of dignified simplicity, except for three stained glass windows in the lobby, and the principal decorations will be Masonic symbols. A large part of the funds for building the temple has been contributed by individual Masons of California and Hawaii.

The general committee in charge of financing the temple, purchasing the site and supervising the construction consists of Edward H. Siems of Oakland; Arthur M. Warren of San Francisco; John C. Bovey of San Francisco; Otto H. Fischer of Oakland; and Paul A. Pfeiffer of San Francisco. Siems and Warren are past grand masters; the others are past masters.

HELIX STUDENTS TO HAVE PART IN WORK PROGRAM

Sixty Helix High School students leave school early every day. But the truancy officer doesn't care. The students receive school credit, and are graded by their employers, who also pay them. This program is made possible through legislation by which students are excused from school to work.

In addition to these students some 400 Helix High school students work at various after-school jobs in San Diego county, according to John Roang, work counselor.

A 1955-56 work permit is required of all students under 18 years of age, reported Mrs. Ruby Bogle, registration clerk. Students 16 years and under must attend school full time except in emergencies. Work and school must not exceed eight hours a day or forty-eight hours a week.

A work permit is to protect minors under the Child Labor law. It also gives the student insurance coverage in case of accidents.

JOY OF BEING AN EDITOR

Getting out this newspaper is no picnic. If we print jokes, people say we are silly. If we don't, they say we are too serious. If we stick close to the office all day, we ought to be around hustling material. If we go out and try to hustle, we ought to be on the job in the office. If we don't print contributions, we don't appreciate genius. And, if we do print them, the paper is filled with junk! If we edit the other fellow's writeup, we're too critical; if we don't we're asleep. If we clip things from other papers, we are too lazy to write them ourselves. If we don't, we are stuck on our own stuff. Now, like as not, some guy will say we swiped this from some magazine. —We did!

He was about 57 years old when he passed away, and was born in Scotland. Besides his widow Opal, Mr. Sloan is survived by his son Bob and a brother in La Mesa.

**Shrine Charity
Game Saturday to
Aid Ailing
Youngsters**

If the number of crippled children who have been cured or aided by Shriners Hospitals were marched into Balboa Stadium Bowl, they would fill the structure to overflowing more than ten times, according to Al Bahr Potentate, Clarendon T. Smith.

"Since our first hospital was established in 1922," Smith said, "more than 250,000 unfortunate little children have been cared for." Smith is potentate of San Diego's Al Bahr Temple, sponsor of the 18th annual Shrine Charity Football Game that will bring together San Diego State College and the Arizona Sun Devils of Tempe, at 7:30 p.m. Saturday in Balboa Stadium Bowl.

Smith said that the Shriners' Southern California unit serves this area, Los Angeles, Fresno and Phoenix, Arizona Shrine Temples.

"These hospitals have about 800 beds," he said. "They vary from 25-bed units to 100-bed units. And they must be kept up to provide the finest care available."

"Since 1922," he said, "about \$50,000,000 has been expended to operate these hospitals. Annual operating and improvement costs are almost \$5,000,000."

Smith said that, to pay these costs, in part, each Shriner or "noble" is assessed \$5.00 a year, in addition to his dues.

"Some of it, of course, must also come from charity events like our football games."

There will be 12,000 unreserved seats on hand at \$1.50 each. Come first, be served first.

**Heart Specialists
To Have Another
Annual Meeting**

Heart specialists from throughout the United States will meet in the U. S. Naval Hospital Auditorium, Balboa Park, Tuesday to open the San Diego County Heart Association's fifth annual professional symposium on heart disease.

Purpose of this heart symposium, which has attracted nationwide attention, is to present to San Diego, Mexico, Arizona and Imperial Valley doctors, surgeons, nurses, interns and hospital staffs of civilian and military installations, the results and findings of heart research gathered throughout the nation during the past year. Newest techniques in the care of heart patients will also be expounded and discussed.

71 Year Young Lady Has MUMPS

Arabella Virginia Wihs, retired government and county employee 71 years young, of 3808 Riviera Drive, has been laid up with, of all things, the MUMPS. She says it all just goes to show that anything can happen to a Lemon Grove lady, and usually does.

Mrs. Wihs thought she had suffered all the ailments of childhood years ago, so when she felt a pain in the neck and jaws she went to her doctor to find out why. Doctor said "He hated to tell her but she had the MUMPS."

Mrs. Wihs has refrained from pickles, etc., and has not been too greatly inconvenienced by her ailment, and will be going strong in a few days.

Mrs. Wihs was employed by the government for several years in Washington, prior to W. W. II. in Naval supply dept., transferred to San Francisco and later to San Diego. When the department wanted her to go back to Washington she said "No thanks, I'll stay here with my goods and chattels." She became a deputy county clerk, was in that office for ten years, is now retired and living in Lemon Grove.

Painting is Mrs. Wihs' hobby. She is studying with Mrs. Dilley's class in adult education, making satisfying progress.

Besides her painting Mrs. Wihs does some baby sitting with her two grandchildren. Her daughter and husband, Mr. and Mrs. Charles L. Bradley, live in the house at 3808 Riviera and Mrs. Arabella has her separate apartment on the same lot. Makes it handy. Thursday morning at 4:30 Grandma was awakened by soft cries of "Grammy, we want Grammy." On arising, Grammy found the two children, three and

Posies for John H. Mack

Here are some posies for John H. Mack, county surveyor, and his men, for oiling and resurfacing several stretches of roadway in Lemon Grove and vicinity, for marking the white lines on many of the highways and arteries where needed.

Imperial Avenue, from the junction at St. John of the Cross Church to Campo Road and Palm Avenue to La Mesa city limits was oiled and is now slick as a whistle, and new white lines were painted on Puente Drive through Calavo Gardens, besides various other stretches in Cajon Valley.

Many thanks, John.—D. H.

four years old, in their nighties. She put 'em to bed and they were sleeping soundly when her daughter, Mrs. Bradley, came home from having taken her husband to work. Mr. Bradley is a cook in the Navy, assigned to the Naval Station at 32nd and Harbor Drive, and has to be on the job at 4:30 a.m. to start breakfast for the boys at 5 o'clock, every other day. Now that school has started for the kids, who go to St. Andrew's in La Mesa, the car has to be available. Hence the early trip.

On her return, finding the front door open, Mrs. Bradley ran to her mother's door, asked if the children were there, found them asleep, was greatly relieved. Thought they had been kidnapped.

Through it all Mrs. Wihs has maintained her good nature. "You can't get the Irish down," having a childhood ailment at the says, and jokes about her her age.—D. H.

Michael's to Expand Again As Two More Business Locations Are Absorbed

Expansion of Michael's was underway this week in Lemon Grove as the Lemon Grove-landmark cafe enlarged their kitchen area and added a sanitary meat cutting and processing room.

Henry Goldy, proprietor of the firm, said that the change was the forerunner of a much greater expansion that was to take place early in December.

He said that he had acquired the premises of the Lemon Grove Wallpaper and Paint and the Lemon Grove Flower Shop at 7840 and 7844 Broadway and would embark upon a remodeling plan that would change the facade of the entire 70 foot front he would then hold title to.

An entire new front will be built and one complete new dining room added. "We are trying to keep up with the demand made upon us for our food," Goldy said. "We are being forced to turn away too many good food lovers in spite of our present three big dining rooms."

Ed Lewis, operator of the two shops that will figure into Michael's expansion, said that he was going to retire to fishing and sightseeing.

"I have been in business in San Diego County for 35 years and I'm getting up in years so I'm going to see some of the country," Lewis said.

He has been in business in Lemon Grove for the past five years.

Meanwhile Lewis is selling paint and wallpaper and supplies at less than cost, he said. He expects to vacate his premises by November 1. Michael's will start remodeling the front as soon as he leaves.

Michael's serves presently about 4,000 meals a month. A total staff of 68 is employed. The payroll, the biggest in Lemon Grove except for the school district, totals 1/4 million dollars a year.

DELPHIANS TO DISCUSS NONLITERATE SOCIETIES

"Learning in Nonliterate Societies" will be the subject discussed by members of Alpha Beta Chi Chapter of Delphians with Mrs. A. M. Garber as leader at Hilltop Chateau, Lemon Grove, at 10 a.m., Tuesday, October 18. Topical leaders will be: Mmes. A. M. Schnell, S. A. Reed, O. A. Patterson, F. L. Vlach and E. A. Uhler.

DEPENDS

Every man has times when he believes in dictatorship, provided he could be it—Roanoke Times.

Dimmer View

(Continued from Page 1)

failed to admit was that the insurance company didn't hit my car, therefore I could only sue the driver... their insured... but when I got judgement against him, they hoped to it to pay because the next step would have been their insured suing them, a situation they hardly want to occur.

It appears that insurance firms who indulge in this shoddy type of operation find it keeps their overhead down. No adjustment department expenses; no claim department personnel to pay. It also keeps your chances of collecting rightful damages to a minimum. This is in line with many insurance firms' present propaganda campaign which attempts to convince you that it is claims which caused recent increases in premium rates. Actually it was the higher cost of doing business, just as all businesses have suffered. So well indoctrinated have trusting people become with this theory that many of them, serving as jurors, have often cut claims to a ridiculous degree.

On an accident in which the

other driver is liable, it is a bad deal for you, any way you look at it. It takes time to get three bids for repairs; it takes hours to fill in the 112 questions (by actual count) and three graphs the independent adjustment firm sends out with the solemn admonition to answer all questions completely. You can't answer 112 questions about any incident without accidentally perjuring yourself. Now if you have made an error on question 73 or 96 the adjustment firm may rule against you. I think my time is worth

something but I was asked to donate it for collecting bids and answering questionnaires or I wouldn't get paid the damages for which the insured felt he was paying to be covered.

I called the R. S. Gordon Co., an independent, and apparently impersonal claim adjusting firm in the Spreckels Building. A girl in the office admitted they handled claims for "a number of insurance firms."

So I called the Sequoia Insurance Co. and talked to Mr. Kuykendall, the insurance firm's agent. He readily admitted that

firms such as his made adjustments on claims through independent organizations. He said that his and many other offices do not have the facilities for handling investigations or adjustments. It was then that he confided that his firm had "never been sued" and because of that the arrangement was obviously

satisfactory. It was at this point that it dawned on me that the insurance company did not hit my car.

Many cut-rate insurance firms continue to thrive because of the good reputation insurance enjoys generally. This reputation is earned by reputable firms which continually try to upgrade the

industry. Let a motorist try to collect a just claim from one of the cut-rate firms, though, and they'll end up with a liberal education in skullduggery.

Afterwards they'll do a little investigating before they invest in insurance instead of falling for the promises of some slick salesman.

The Most Reverend Bishop Buddy of San Diego announced last week that His Holiness Pope Pius XII has bestowed papal honors on Rev. John W. McDonagh, pastor of St. John of the Cross Church, Lemon Grove, and raised him to the rank of Domestic Prelate with the title of Right Reverend Monsignor.

Mrs. McDonagh is a native of Larkhill, Beltra, County, Sligo, Ireland. He was educated in the national school at Lurgawarry, Ballisodare, County, Sligo, and read his courses for the priesthood at St. Patrick's Seminary, Carlow, where he was ordained in 1927 for the old Diocese of Los Angeles and San Diego.

Mrs. McDonagh served various terms as assistant pastor from 1927 until 1934, when he was named pastor of St. Joan of Arc, Victorville and St. Joseph's, Big Bear Lake. In 1942 he was appointed pastor of Holy Family, Linda Vista, where he built the parish church and hall. Since 1948 he has served as pastor of the Lemon Grove parish. He also is a member of the Board of Diocesan Consultors.

The citation notifying him of the papal honor stresses his "very successful administration" of parochial duties.

AUDUBON P-TA PLANS POTLUCK

Audubon P-TA will meet and eat at 6 p.m. Oct. 18 at the cafeteria of the school. If you have not been contacted about a dish to bring to the potluck dinner, call Mrs. Wylie, HO 9-6909. Each family brings his plate, silverware and cups. Coffee and punch will be furnished.

The membership drive began October 3. We urge all parents of Audubon children to join the P-TA. Your talents are needed. Teamwork makes a success of any job. Let's work together.

GOV. KNIGHT TO BE GRAND MARSHAL IN MOTHER GOOSE PARADE

Gov. Goodwin J. Knight will be honorary grand marshal of El Cajon Valley's ninth annual Mother Goose Parade, according to Assemblyman Jack Schrade. Schrade, a director of the Mother Goose Parade Association, announced this week that Governor and Mrs. Knight have accepted an invitation to take part in the

Nov. 20 parade.

His appearance in the forthcoming Mother Goose Parade will mark the eighth time Gov. Knight has journeyed to El Cajon to participate in the annual event.

Rear Adm. C. C. Hartman, USN, commandant of the Eleventh Naval District, will be grand marshal of the parade, Schrade said.

A number of screen and television stars will appear in the Mother Goose Parade, among them being Clint Walker, star of the Warner Brothers television feature "Cheyenne," and his film play partner, L. Q. Jones.

Radio and television star Monte Hall, a longtime resident of El Cajon, will make his sixth appearance in the Mother Goose Parade.

Janice Jowett, a Lemon Grove girl, is a contestant for reigning over the parade as Cinderella.

Women's Christian Temperance Group Meets Tuesday

San Diego will be host city for the 73rd Annual State Convention of the Woman's Christian Temperance Union and the Central Christian Church, 9th and F Street, October 18-20. Theme of the convention is "Go set a Watchman, let him declare what he seeth" Isaiah 21:6.

Thousands of delegates, members and friends with the state officers will gather from every city, town and community of Southern California for this state meet.

State president, Mrs. Ruth Gates Miller of South Pasadena will preside and San Diego County president, Mrs. Marguerite Day Alsdorf, will act as general hostess assisted by Committee Chairmen: Mrs. Leila Corning, Ralph Oglesby, Flora Kay Hanson, Opal P. Wagner, Ella M. Day, Lelah C. Nicholas and Miss Mabel Shuyler.

Registration and official meetings begin Tuesday, 1 p.m. with the pre-convention prayer and praise service at 7 p.m. conducted by Rev. Grace Chaney, state spir-

itual life director. An address, "The Necessity of a Combined Effort" by Mrs. Ruth E. Tooz of Portland, Oregon, national recording secretary. Solo, "The Lord's Prayer" by Rev. Zorra Glassey of Glendale, state director of child welfare. Mrs. Esther Rhoads accompanist. A diamond speech contest will conclude the evening program.

LOCAL KIWANIS TO ATTEND CONVENTION

Local delegates to the convention will be Dr. Robert Swenson, Dr. Si Brumbargh and Sam Solledon.

Joseph O. Tally Jr., trustee of Kiwanis International, and widely-known Fayetteville, North Carolina attorney, will be a featured speaker during the four-day meeting in the U. S. Grant Hotel. Also on hand will be H. Park Arnold of Glendale, Cali-

Highlanders Down Saints, 20-7

Helix High School downed independent St. Augustine High School last Friday night on the Highlander oval to make it the second consecutive victory for the fighting Highlanders. The score was 20-7.

A local Lemon Grove griddler, Gary Dunn by name, was the scoring leader in the game, that saw Coach Tom Welbaum experiencing his reserves. Dunn, halfback, scored twice on short runs and the final Helix td came from Duane "Rudy" Rudzinski, fullback, who hoofed 61 yards to the glory stripes.

Dick Aguirre, Saint back, rolled across the end zone for the hapless Catholic school pigskin players in the final frame of the field battle.

Helix rolled up 382 yards rushing to 100 for the losers, and had 185 yards passing to none for the Saints. Helix qb Bob Schultz completed four of ten passes. Dunn's td's came on runs of five and seven yards. He also kicked two extra points.

Final score: Helix 20, St. Augustine 7.

Lemon Grove Man Opens Fashion Advertising Agency

SAN DIEGO—A Lemon Grove man, Donn Frederic Staples, 204 Dayton Dr., Monterey Heights, has opened his own retail fashion advertising agency in the Land Title Building in San Diego. Firm name is Donn Frederic and Associates.

Advertising manager for Whitney's in downtown San Diego for the last nine years and an accomplished artist and copywriter, Staples has geared his new firm to provide a complete fashion advertising service for small, exclusive fashion stores from here to San Francisco.

The word complete describes everything from newspaper layout, art work and copy to seasonal fashion show promotions, long range in-store display programs and personnel training courses for men's, women's and/or children's fashion shops.

Staples is winner of the coveted NRDG award for excellence in presentation of fashion advertising from the standpoint of layout, art work and copy. Educated in the east, he attended the School of Practical Arts in Boston and later served as art director for the Boston Hotel Statler. World War II interrupted his career for a three-year period during which he logged his way through the Pacific Island jungles with the infantry.

After his discharge from the service, Staples attended the Art Students' League in New York City, did free-lance fashion art work for such top-flight east coast stores as Franklin Simon and took concentrated courses in fashion art from leaders in the field, Camilla Goodwin and Jean Spadea, to mention just two.

Along with master-minding Donn Frederic & Associates, Staples serves on the faculty of the Coronado School of Fine Arts, too. His wife, Carol Schramm Staples, also a fashion artist, is a free-lance associate in her husband's firm. Her specialties are millinery, furs and children's wear. For the latter she has three built-in models, Christie, Linda and young Donn Paul.

Staff associates with Staples in the Donn Frederic firm are Nell Harrison, last year's president of the San Diego Fashion Council, and Peggy Hippee, for seven years fashion editor for the Des Moines Register and Tribune.

"Through Donn Frederic & Associates," Staples explains, "a number of exclusive, small shops can obtain top bracket, personalized ad and promotion programs at less cost per individual than any one store can obtain un-

der the present individual planning system.

"This does not mean mass-produced advertising," he added. "It means, merely, that we have a triple-threat team of fashion experts and know-how to reduce fashion advertising problems to a minimum and, at the same time, build maximum fashion selling power into every ad and promotion."

Two Grove Youths Taking Marine Combat Training

CAMP PENDLETON—Marine Pvt. Fredrick D. Toozee, son of Mr. and Mrs. Russell Toozee of 2862 Cypress Ave., and Phillip R. Seward, son of Mr. and Mrs. George H. Seward of 7002 Mt. Vernon, both of Lemon Grove, will complete four weeks of individual combat training at this Marine Corps base, Sept. 14.

The course of instruction at this huge training base includes the latest infantry tactics, first aid, demolitions, field fortifications, and advanced schooling on weapons.

The trainee learns that all Marines are basically infantrymen, whether they serve as cooks, typists, or truck drivers.

The training is given to Marines scheduled for overseas duty and to all graduates of recruit training before they are assigned to new duty stations.

SET FOR REAL PARTY

OAKLAND—The thieves who raided a local supermarket were all set up for a real party. They took 60 cartons of cigarettes, 10 cases of whiskey, 10 of wine and beer, 8 cases of coffee, 15 canned goods, plenty of frozen foods, bread and packaged meats, and a radio.

SD KNIGHTS WHIP SERVICE SQUAD, 21-0

Final score: San Diego Junior College Knights, 21; Long Beach Naval Station, 0.

Having been the underdogs in the first three outings, the Knights of SDJC are the most feared football players in the junior college ranks in California, along with perennial powerhouse Compton College.

Last Saturday night in Balboa Stadium before a hometown

crowd of over 2,000 fans, the Knights defeated a strong service team from Long Beach, consisting of two ex-pros, and former big university and college gridders. But the foreigners couldn't compare with Coach George Schutte's charges.

In the first period "Big" Jim Frankson, Knight fullback (6 feet, 205 pounds), crashed through right guard to tally a TD. Ray Speitel, center, converted.

After a scoreless second quarter, JC quarterback Tom Tomai-ko (6 feet, 195 pounds) threw a TD aerial to halfback Art Powell (6 feet 2 inches, 180 pounds).

Speitel's kick was good.

In the last quarter ex-San Diego trackster Don Strickland intercepted an Islander aerial, and with good down-field blocking and some speedy hoofing, shot 70 yards for another six-pointer. Karl Jordan (Lemon Grove) kicked the extra point to have the final reading JC 21, Long Beach 0.

This Friday night, October 27, SDJC has its eighth annual homecoming in Balboa Stadium. The challenger to San Diego's unblemished record is Los Angeles Harbor, always a troublesome foe. Game time is 8 p.m.—B. T.

M. S. SOCIAL NIGHT PLANNED

The San Diego Chapter of the National Multiple Sclerosis Society announced its first annual social event will take place this Friday night at the Indoor Sports Club, 3030 Front Street, starting at 7:30 p.m.

The event will be held each year in conjunction with the social therapy program of the local group.

Social therapy is one of the most important phases of rehabilitation for an MS patient, according to Dr. Paul Shea of the Multiple Sclerosis Advisory Board.

The entertainment of the evening will consist of a talent show featuring top San Diego performers. Immediately following will be an exhibition of folk dancing by members of the United Folk Dancers Association of San Diego. Refreshments will be served.

The event is free and open to all MS patients, their families and friends. A special invitation is extended to the general public in the hopes that those who attend will learn to better understand this crippling malady.

WILLIAM WELDEN WINS WINGS

CORPUS CHRISTI, Tex.—Navy Ens. William B. Welden is congratulated by Capt. Ray Davis, commanding officer of the Cabanis Field Naval Auxiliary Air Station upon receiving his "Wings of Gold" of a Naval aviator.

Ens. Welden is the son of Mr. and Mrs. L. A. Welden of 7650 Madison Ave., Lemon Grove.

Having completed the 18 month Naval aviation flight training program, he will now report to the Moffett Field Naval Air Station, San Francisco, Calif.

New Laws Stressed If You Drive You'd Better Know New Laws

The importance of several new motor vehicle laws cannot be stressed too keenly, according to the California Motor Vehicle Department. A law regarding parking lights, passed recently, indicates that parking lights must not be on separately, while driving along any road, at dusk or after, but must be burning in conjunction with your headlights. Your parking lights may be used as signal lights.

The matter of California highways being littered with all sorts of trash from careless motorists has come to the point of strict laws being passed to prohibit such outlandish carelessness.

Last Wednesday the law regarding littering was put into effect. It indicates the throwing of garbage, trash or bottles along the highways or rights of way. The law reads in part:

1. A fine of \$50 or five days in the county jail for the first conviction.
2. A fine of \$100 or ten days in the county jail for the second conviction within a year after the first conviction.
3. A fine of \$500 or six months in the county jail for the third conviction within a year after the first conviction.

According to the California Highway Patrol, the litter law will be enforced by all law enforcement bodies: state, county and municipalities.

DRIVER TOO YOUNG

DETROIT—Mrs. Maxine Metzger, 35, gave her son, Edward Jr., 13, permission to drive the family car up the driveway into the garage. Edward apparently confused the brake and accelerator. The car shot across the lawn, smashed an 8-foot picture window in a neighbor's house and came to a halt in their living room. The car was badly damaged and the neighbor's damage was estimated at \$5,000.

Gum Machine Busts; Kids Fill Pockets

Tom Papagni, head guy at T P Hardware and Paint, formerly Western Auto Supply, had an interesting and amusing experience Tuesday morning.

Tom has a Kiwanis ball gum machine in his doorway, where interested folks may put a coin in the slot and get some chewin'.

Almost at bus time for school kids Tom was moving a box four feet square and kinda heavy out of the store for delivery, and several youngsters were congregated in front. One kid persisted in standing close by and Tom said "Look out, Sonny" and the kid made a dive under the gum machine, hit a supporting leg and tipped machine over, breaking the bowl full of gum, and scattering said gum over the walk.

Almost instantly, Tom says, a flock of kids were scrambling for the gum, picking it up and filling their pockets, even stuffing some in their shirts at the waistline.

The machine had been filled only the day before, so there was a goodly supply for the scramblers. The school bus arrived at that moment and the kids grabbed gum 'til the last second, then got on the bus and went to "tell teacher" how come.

Tom got a good laugh from the episode, was still laughing when he told about it in the afternoon. He didn't know what the teacher said or thought.—D. H.

Congregational Church Continues Growth Despite Depression

Final Part
By MARIE HERDER

The ladies were giving \$200 annually toward the pastor's salary. They bought a wheel chair, a sewing machine, and helped some needy families. They bought carpet and curtains for the church, more song books, and many other items.

In 1921 they paid their pastor \$1200; the annual bazaar brought in over \$488; only a little less in '22.

The records show Mr. and Mrs. Lawrence Carr became very active members at this time, and are still working for the church. In 1924 the church paid their pastor \$1600 with benevolence not less than \$450.

Mr. and Mrs. Chris Ferguson joined the church in '28; all very good Congregationalists at present. In 1930 the Oren Johnsons, and Hazel Ross and daughters appeared. Mrs. Ross became Mrs. George Flagg later and all were valuable members many years—Jean Ross Hamilton still with us. Mrs. Bell came in '32.

Then came the depression. They cut the pastor's salary 10%. They applied for aid of \$20 per month. In 1934 they paid Rev. Axtell \$50 per month for one Sunday service, and one day each week in the community.

The trustees estimated it would cost \$800 to get the church in good repair. Rain seeped into the basement rendering it unusable at times.

In 1936 Mr. Halley was thanked for 23 years consecutive service as treasurer. He was given an electric chime clock and desk set. Mrs. Carr was also thanked for keeping flowers in the church, and Mrs. C. L. Good for faithful service at the organ.

Rev. A. B. Roberts was called in 1936 at a salary of \$70 per month. There were 69 members. Mrs. Roberts organized the Golden Circle Sunday School class

which has been a very influential group ever since. The Women's Missionary Society also was very active meeting all requests for aid in both the home and foreign fields. The young married group organized the Los Amigos Sunday School class and the Young Mrs. became active. Growth was steady and strong and the Roberts were tireless workers. He tried to resign in July, '41 but his congregation refused to accept. Later in November he did leave to the regret of many members.

Rev. Murray T. McNeil became his successor, and was very popular with all, especially the young people.

At the annual meeting in '42 Mr. Halley completed 31 years constant service as church treasurer—a real record. In 1945 the budget called for \$3685. March 1, 1945 Rev. McNeil resigned to become a navy chaplain. Dr. R. C. Waddell was called next, and he introduced another building program. The old parsonage was sold and a new one bought in Monterey Heights. Then it was sold at a profit and the house on Olive Street became the home of our pastor.

A house to house survey was conducted, and much time taken in adopting a building program. Pledges were made and a building fund started with the hope that construction could begin as soon as building material was plentiful again, after the war

shortages.

The budget was increased to \$8400 in 1946 as the membership increased to 187. \$12,500 was in sight for the new building. Friendship Hall. A grant of \$5000 was available from C.B.S. and a loan of \$10,000 could be secured.

Rev. Waddell resigned then in 1948, and Dan Apra became the next pastor, who landed in the midst of a big building program.

An almost unbelievable growth both in the church and community has developed the past few years. Church membership has increased to about 700, two pastors and a director of religious education work long hours to keep up with the huge list of activities. Two more pieces of property were acquired last year as homes for the pastors. Bruno Pomeschel and his fine family came in June, 1954 to share the duties with Dan. Three complete Sunday morning services and three Sunday School sessions are held each Sunday. Two boy scout troops are sponsored, the Men's Fellowship is very active, and a fine big adult choir furnishes music, besides a Youth choir.

The present sanctuary was built in 1911 for 50 members, and is hopelessly small for such a large group. Soon history will repeat itself, and the Congregationalists hope to be building again.

CLASS IN MATH OFFERED IN EVENING SCHOOL

Under the Grossmont Education Program an evening class in mathematics is offered at Helix High School, Tuesday and Thursday from 7 to 9:30 p.m. Review mathematics, algebra, and geometry compose the areas covered. Classes have the advantage of individual instruction.

Mr. Hall, the instructor, reports that some adults come to the class for a refresher course, others want to learn in the advanced level, and still others are studying mathematics for credit.

The Windsor Opens This Week with Men's, Boys' Furnishings

The Windsor has been chosen as the name of the new shop for men's and boys' wear which will open today (Thursday) at 7921 Broadway, it was announced this week by Leonard Gruen, proprietor of the shop.

Gruen said his shop would handle nationally known, popular priced merchandise and that weekly "specials" would be offered patrons.

The new owner comes from Chicago where he operated a similar business. He is establishing a home here for his wife and child.

The Windors will occupy the last available location in the bank of business houses which are being promoted by Curtis Coleman Associates, Charles Kerch, active in Lemon Grove business rental circles.

Gruen said that he would attempt to establish a men's wear dress club with low weekly payments. "I'll give more men a chance to dress better on a weekly cost that is a mere pittance," he said.

Irrigation District Board Meeting Approves Bills For \$337,195.78

Twenty items of business were on the agenda for last Tuesday's meeting of board of directors of Helix Irrigation District, who gathered at the usual hour.

Report from Montgomery Co. on estimated cost of a treatment plant, including clear well storage, at \$1,800,000. It would not be a complete treatment plant, but would be a material improvement. This estimate will be incorporated in Schwabacher Co. who are making a financial report on the effect of a bond issue for the district, and the effect on the tax rate. This report has not yet been received.

Warrants authorized ranged from 75 cents to Harry Griffin to \$4,419.30 to Bank of America, La Mesa Branch; \$168.75, First National "That's MY Bank"—La Mesa branch; \$7,655.52 to La Mesa, El Cajon Savings and Loan Ass'n; James L. Squires, treasurer, \$44,637.68.

Biggest "checkie" went to N. P. Van Valkenburgh Co. for \$265,834.63.

Owners of land in El Cajon Valley, various sized tracts and businesses, requested larger meters. Looks like farming will again become a principal business in the valley, much to the concern of the directors, as the supply is getting less and the demand for water is increasing in the domestic field. Another raise in rates might reduce the desire of tillers of the soil.

Considerable interest in the last game of the World Series was evidenced when Jim Hill called his office for the score at 10 a.m. and at intervals thereafter, with the Dodgers ahead 2 to 0. Rueb Levy said he had \$10 on the Dodgers. Attorney Jennings put up an argument for the Yanks, said they were getting old, maybe they would come through. As you know, the Dodgers won, and great joy was expressed by many.

A Lemon Grove bakery that specializes in doughnuts was favorably mentioned when the usual supply of crullers failed to appear at the coffee break. Later a gent came in with a sack full of a variety, some chocolate, some

St. John of the Cross To Hold Turkey Dinner Benefit

This is just about the busiest week of the fall season for members of St. John of the Cross Parish as they make preparations for serving over 1,800 members and guests at their annual Fall Benefit on Sunday, October 16.

Father Charles Young, general chairman of the benefit, announced that 800 pounds of choice turkey and all the other things that go to make up a delicious full course turkey dinner will be served cafeteria style in the parish auditorium between noon and six p.m. Enlarged kitchen facilities will enable a larger number of guests to be served in less time than in previous years. Proceeds of the dinner will go into the parish building fund.

Mrs. Edward Fitzgerald is kitchen chairman and Mrs. John Dobransky and Mrs. Bennie Jones are dining room chairmen. The auditorium will be decorated with fall flowers and foliage. Children of St. John of the Cross School are making posters that will be put in local stores advertising the dinner. A prize will be given the child making the best poster.

After the dinner, a lovely hand made quilt and an embroidered tablecloth will be given away. Reservations may be made with Mrs. John Peyton, HO 6-7506 after 4 p.m. Adults \$1.25, children 65 cents.

LOVE OF GOD BRINGS ATONEMENT SAYS SCIENCE SERMON

"Walk in love, as Christ also hath loved us, and hath given himself for us an offering and a sacrifice to God for a sweet-smelling savour." This verse from Ephesians (5:2) is the Golden Text of the Lesson-Sermon "Doctrine of Atonement" in all Christian Science churches Sunday.

Paul says in his epistle to the Hebrews (5:8, 9) that Christ Jesus learned "obedience by the things which he suffered; And being made perfect, he became the author of eternal salvation unto all them that obey him."

'Platter Parade'

Record Poll . . . Here are this week's ten pop tunes as compiled by Ratner Electric, 8th & Broadway in downtown San Diego.

"Yellow Rose of Texas" by Mitch Miller, "Love is a Many Splendored Thing" by the Four Aces, "Autumn Leaves" featuring Roger Williams on the keyboard, "The Bible Tells Me So" by Don Cornell, "Suddenly There's a Valley" by Julius LaRosa, "Ain't That a Shame" by Pat Boone, "Seventeen" by the Fontaine Sisters, "Tina Maria" by Perry Como, "Wake the Town and Tell the People" by Les Baxter and his orchestra, and "Maybellene" sung by Chuck Berry on the Chess label. Best selling classics: Verdi's "La Traviata" by Andre Kostalowitz, "Symphonie Fantastique" by Charles Munch and the Boston Symphony orchestra, and Ravel's "Daphnis and Chloe" by Charles Munch.

Newest Tunes . . . The newest and upsurging tunes this month in Southern California are Rusty Draper's "Shifting, Whispering Sands," "Moments to Remember" by the Four Lads, and "Only You" by the Platters. Rusty's record is leading the pack in popularity.

Dis 'n Dat . . . Tommy Dorsey and his brother played the entire month at the New Frontier, Las Vegas . . . Robert Clary portrays "The Rat" in the new production of "Seventh Heaven" . . . The theme song for the movie "Flame of the Islands" is "Take It or Leave It" sung by actress Yvonne De Carlo . . . Steve Allen portrays Benny Goodman in the "Benny Goodman Story." In the picture Uccle Stevie plays the clarinet.

net . . . John Raitt, a Fullerton lad, sings in the Cap album "Highlights of Broadway."

Throwin' The Bull

By BOB TURNBULL

It's a Joke, Son! . . . Anybody can read tea leaves in the bottom of a cup. They mean the tea's all gone.

Jazz at the Phil . . . Norman Granz presents "Jazz at the Philharmonic" on October 31, Monday night, at 8:00 p.m. in Russ Auditorium, 12th & Russ streets in San Diego. This is the 15th annual tour for such great names as Ella Fitzgerald, Gene Krupa, Buddy Rich, Lester Young, Dizzy Gillespie, Flip Phillips, Oscar Peterson, Roy Eldridge, Ray Brown, Illinois Jacquet, Don Abney, Eddie Shu and Herb Ellis. Stan Getz, nationally known saxman won't make this trip for the tragic reason of being on his death bed. These great stars have made hundreds of records on the cleft and norgan labels. Tickets go on sale on the 17th of this month at the Mar-Don box office in Ratner Electric, 8th & Broadway in San Diego. Don Howard, KSDO deejay, is the local man in charge of this sensational group of musical entertainers.

Altar Arrests . . . Geraldine Armstrong became the bride of Gabriel Herrera, Jr. last Sunday night in the chapel of the U. S. Naval Hospital, Balboa park. Both are Helix alumni. . . . Ardell Torgerson (Lemon Grove) is engaged and will soon marry Dick Simia of the Navy. Ardell left Helix via graduation.

'Pigskin' . . . Friday, October 14, Helix is at Phoenix Union (Arizona) in a night game. I still favor the desert state grid-ders by 13 points. . . . On Saturday night, October 15, San Diego Junior College travels to powerhouse El Camino JC for a tough battle. I may be stoned for this but I'll pick the foreign warriors by two points. . . . Also on Saturday night, Arizona State (Tempe) plays San Diego State College in the annual Shrine Charity Game in Balboa Stadium at 8:30 p.m. I

favor the Tempe lads by two TD's. . . . Grossmont plays at Hoover on Saturday night. The Red Birds should dispose of Coach Maynard's charges by at least 13 points.

Dis 'n Dat . . . Colorful costumes are sported by the drum majors of the City Prep League. Drum majors are: Barbara Grand, Hoover; Judy Swank, Kearny; Alex Doig, San Diego; Ranny Daffer, Pt. Loma; Lois Hugerly, Lincoln; Roy Millander, Mission Bay; and David Rearwin of La Jolla. . . . Future events: October 12 is Columbus Day—Pt. Loma plays San Diego High in football on Friday night in Balboa Stadium—The Globe Theatre is currently showing "The Caine Mutiny Court Martial"—"Teen Review" is on every Saturday afternoon from 4:30 to 5:30 on Channel 10—The annual Air Show will be held at Montgomery Field on Sat & Sun—Paradise Mesa will feature Sunday afternoon drags. . . . Top pop tune is still "Yellow Rose of Texas" by Mitch Miller. . . . The newly elected officers of the Congregational Junior PF group are: president, Bill Hobbs; veep, Kathy Holmes; secretary, Judy Poeschel; and treasurer, John Perfect. . . . Teen-age fads are the screwiest. In Mesa, Arizona

the high school gals sport pantaloons. In Encino, California, the gals wear old-style pantalets that reach below the knee. Bells make an added attraction.

Highlandville . . . Pete Homan, Helix grad, was the first San Diego County pre-draft age volunteer for the Marines. . . . Five Lemon Grove Helixers took the preliminary exams for application of scholarships. They were Peggy Lester, Janice Jowett, Ronnie Svalstad, Loretta Bell and Tom Whelan. . . . Next week: Next week's Throwin' the Bull will name the Helix varsity football squad, teach the dance entitled "The Sluefoot" and finish with the Helix Hymn, better known as Helix High.

Gift Box Changes Location

The Gift Box has moved to a new, large location at 3448 Main Street, two doors north of the Justice Court and across the street from the Grove Theatre. It formerly was located at 7344 Broadway.

Because of the wide acceptance given their shop, Mr. and Mrs. Goldberg are planning a special sales celebration for their anniversary which will be November 14.

Meanwhile, the shop is open at the new location even though remodeling and redecorating is going on. A larger selection of merchandise has already arrived and is being shown.

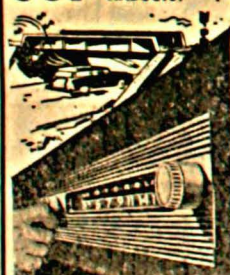

In the new shop will be a separate maple nook, a brass room, and the largest selection of lazy susans, casseroles and other hostess accessories in the vicinity, all at popular prices.

The greeting card department boasts nine different lines including the famous Studio cards and the Volland line of traditional cards.

One day monogramming on napkins, matches, playing cards and stationery will be offered. There will also be a wide selection of clever birth announcements, and cocktail napkins. In costume jewelry there will be religious items, gifts for men and the junior set. Visitors are welcome to come in and "just look."

New Hardware Store to Open

Brouillard Hardware at 7907 Broadway, in a new building, is being readied for business by Lou G. and Mrs. Brouillard, partners in the enterprise.

The Brouillards had a hardware business in Hillcrest for the past two years, sold out and decided that Lemon Grove offered opportunities.

Mr. Brouillard has been in the hardware business for 15 years and promises the experience gained will be helpful to Lemon Grove folks.

A full line of standard brands of hardware and plumbing supplies will be available. M & D hangers have been installed, which means that movable shelves along each wall will permit a display of merchandise.

Date of opening has not been determined, but will be within a week or ten days at most.

The happiest people go to church; here must be something to it.

Local Demos to Look at Legislative Programs

The Homeland Area Democratic organization will begin their legislative programs for group study and support Tuesday, 8 p.m., in the Golden Avenue School, Room 10, October 18. As voters and taxpayers, the club invites all Democrats to participate in this planned program of information, discussion and action, which so largely depends on the individual responsibility of self-government by freely helping to do a large share of the public work for the community, state and nation.

Tuesday evening's program will bring labor speakers to the area, whereby all attending may learn about labor's gains in the 1955 legislature, increased benefits, workman's compensation, unemployment and disability insurance. Questions and answers on other related legislation will follow. Refreshments and social period has been planned by the "working gal committee."

The present Homeland area

club is reported to be one of the most active in recent years, and will be the first in this part of the 77th A. D. to hold "Teas for TV," a fund raising campaign for women to help put candidates on TV in the 1956 activities. Mrs. Charlotte Phillips of Helix Street, Spring Valley, will spur it on to a brisk start the latter part of October by a tea in her home, followed by precinct leaders in Spring Valley, La Pressa, Casa de Oro, and Lemon Grove.

COLOR TV TO BE ON DISPLAY AT C. P.

A permanent color television installation has been made at C. P. Appliances, 7825 Broadway, it was announced this week by Jerry and Barbara Howell.

The set will be tuned to all color program and may be viewed without obligation.

First Meeting of San Miguel P-TA to Be Held This Week

The San Miguel P-TA will hold their first meeting Thursday evening at the school cafeteria. This will be a get-acquainted meeting, and parents will have the opportunity of meeting the P-TA board members as well as the teachers.

San Miguel had their monthly P-TA board meeting Tuesday evening at the school. John Cornelius, principal of El Cajon High School, gave a talk on the necessity of voting at the school bond election October 14, for the purpose of constructing a high school in the Lemon Grove-Spring Valley area. Plans were also coordinated for the Halloween Carnival at the school October 31.

This promises to be bigger and better than ever with a delicious dinner being planned, a hayride, and a good many booths and Halloween games, and of course, the Halloween costume parade with all of the children participating.

Mrs. C. J. West, carnival chairman, and her committee are putting a lot of time and effort into the carnival for the entertainment of the children and their parents.

Local Firm Expands Into La Mesa

Roy Davis, manager and vice president of the La Mesa Lemon Grove Escrow Co., 7858 Golden Avenue, said this week that his firm was expanding into La Mesa.

He said that a branch office would be opened in La Mesa as soon as a location could be acquired. Mrs. Bill Garrison, well-known in escrow circles, will manage the office. She is a present member of the firm.

Davis said that demand from La Mesa brokers dictated the move. He has operated the local firm for 3½ years.

"The present feebleness of religious teaching has no chance against the efficient aggression of communism."

DR. RUST TO BE CHURCH SPEAKER IN SECOND OF 'LIFE' SERIES

William C. Rust, Ph.D., president of California-Western University, formerly administrator, University of Denver, will be the second speaker in the "University of Life" lecture series being brought to Lemon Grove by the Social Action Committee of the First Congregational Church of Lemon Grove. He will speak in the sanctuary of the church, Church and Main Streets, at 7:30 p.m. Sunday. He will be introduced by Clarence Allen, principal of the Vista La Mesa school and the chairman of the Social Action Committee. Dr. Rust's lecture topic will be "How Children Learn to Think."

Preceding the lecture the Senior High Pilgrim Fellowship will conduct a brief devotional service. A discussion period will follow the lecture, after which the meeting will adjourn to Friendship Hall for refreshments and fellowship.

Lives have been spent, and lost, at the card table.

ally adequate and provide good physical environment except for excessive heat during hot weather. It should be noted that these facilities do not provide toilet facilities, hall or locker space, nor are they easily adapted to special instruction in various subjects.

Question 6: Why should other parts of the district participate in building a high school for the Lemon Grove-Spring Valley area?

Answer: If this new high school is not built, students from all portions of the district will be penalized by crowding and the double sessions which will result.

All portions of the district have paid their share of the cost of the three existing high schools, all have shared in the educational opportunities offered at these three schools. As the population in any area increases it is better to build a new high school in the area than to transport pupils to more distant schools. The large assessed valuation of the district benefits all.

Question 9: What effect would approval of bonds have on the tax rate?

Answer: Approval of the bond issue would increase the tax rate by from 10c to 15c. This increase would remain in effect until our legislator correct the inequitable repayment provisions of the State School Building Loan Fund.

The cost to the average home owner with a home assessed at \$4,000 would be from \$4 to \$6 per year. End of quotes from green pamphlet.

There you have the arguments FOR the bonds.

Here are some arguments AGAINST:

One lady, a taxpayer in the district for 17 years, with no children, a modest income that has not been increased as have most salaries of non-retired folks, who asked that her name be not given, states that "She is opposed to the bonds issuance without a brake being put on the expenditures for non-essentials, such as sports equipment purchased for pupils' use, which is usually of the highest quality and price, when a lesser quality would serve as well. Also, the inside finish of buildings is too expensive. Witness the Pentagon," as the educational center in San Diego is facetiously called. A little economy in many lines would result in substantial savings to the taxpayer, but that seems to be the last thing considered by officials."

Another who expressed objection to the issuance of the bonds was John B. Dail who said he was not opposed to schools, but was opposed to having the high school built in Spring Valley.

Mr. Dail agreed to write a letter with his objections set forth, this letter to be picked up Friday, but he was not in his office, nor had he left any word, at deadline time.—D. H.

Citizens for Sewers Hold Dinner Following Bond Victory

An appreciation dinner sponsored by the Spring Valley Citizens for Sewers was held at Michael's Cafe, in Lemon Grove, last Tuesday night with about 100 persons attending. The dinner was given primarily to show thanks to several county officials who did a great deal to help make the sewer bond such a success. Also to show appreciation for the time they spent over and above their everyday working hours, by coming out and explaining the problem to the people of the Spring Valley Sanitation District.

Gilbert Ray, Spring Valley realtor, chairmaned the dinner, and introduced Supervisor Dave Bird and Mr. Bird, Supervisor and Mrs. Frank Gibson, Supervisor and Mrs. Joe Robbins. From the public works department, Mr. and Mrs. Warren Barney, Mr. and Mrs. Joe Rushing, Mr. and Mrs. Charles Olson.

Doctor and Mrs. Askew, health department. From the water pollution board, Mr. and Mrs. I. Nussbaum and Mr. and Mrs. Harold Miller. From Grossmont High, Mr. and Mrs. Harold Hughes.

The foregoing were guests of honor. Many others who took a big part in putting over the bonds were also introduced, among them Bill Doughman, president of the S. V. Chamber of Commerce, Max Goodwin of the Lemon Grove Review and Spring Valley Bulletin, Mrs. Carolyn Harris, an early backer, and Carlyle Reed of El Cajon, at present in public relations, who also has a news broadcast on the new El Cajon radio station.

The county speakers all ex-

BOND INTERVIEW

By Henderson

(Continued from Page 1)

Grossmont, explained my predicament, and was referred to a couple of gentlemen who were not in. Finally I got the El Cajon Education Center. Nice voiced call answered, couldn't give me any names, suggested El Cajon Chamber of Commerce.

Mrs. Moulton of C of C said the board was addressed by Mr. Smith—he is district superintendent of schools—recently and no vote was taken pro or con, which would have been done had there been much opposition. She suggested that I call Jack Atkinson, president of the chamber—membership 400—which was done and Jack "Didn't see any way out of voting for the bonds. The trend of population makes it a necessity that the bonds carry. We have to have schools for the youngsters that are growing up—can't have a lot of half-educated kids running the country." Jack expressed his personal feelings but indicated that most of the chamber members felt the same way.

The La Mesa C of C was next called, but no meeting had been addressed, but expected to be addressed by Mr. Smith at 8 o'clock Monday. The question of bond vote had not been discussed.

The phone at Lemon Grove Chamber of Commerce was answered by a pleasant-voiced lady who gave me Dr. Swenson's name as president. She said she was not at the chamber of commerce. A call to Dr. Swenson's office was answered by a lady who said the doctor was busy but would call me. I guess the doctor forgot, for I was not called.

Abe Goldberg, president of the Retail Merchants Association, was also called on for an opinion. Mrs. Goldberg said they were not yet residents of Lemon Grove and would with hold opinion until they move into their new home and had a right to vote.

Ken Rister is in favor of the bonds, thinks the building of the new high school would make for pleasant relations between Lemon Grove and Spring Valley. It has been my impression that the building of a high school where it would serve residents of the area, regardless of boundary lines, would serve the pupils best, since we are all residents of Grossmont UNION High School District.

No organized opposition to the bonds has appeared so far as known. The benefit to the entire district would seem to warrant the expenditure. Certainly Lemon Grove folks did not vote against the bonds that built Helix High School, even if the school was built just over the hill from Lemon Grove school district.

I have given you both sides of the situation as far as it was possible for me to contact opposition. I hope the voters will give some thought to the problem and will go to the polls on the 14th and VOTE.

Watch Flammable Liquids Pleads Chief Hensley

There are one hundred and one ways and places a fire can start in your house, says Fire Chief H. L. Hensley. And even though most of these sources of fire are a part of your everyday living, the chief is willing to bet that most folks would never spot them as serious hazards.

The chief has some special Fire Prevention Week advice about one home fire danger in particular—flammable liquids.

Before you say you don't have any of that "stuff" around, be sure you know what flammable liquids are. Check your stock of cleaning fluids, paint thinners, varnish removers, gasoline, kerosene, even cans of grease in the kitchen—these items are known to firemen as flammable liquids.

And these, too, were the cause last year of over 40,000 building fires, in homes mostly, costing hundreds of lives and a loss of nearly \$400,000,000, according to records of the National Fire Protection Association.

Such fiery liquids as gasoline, kerosene and flammable cleaning fluids should always be kept in tightly closed metal containers. The containers should have la-

which says they have been approved by a nationally recognized testing agency such as the Underwriters Laboratories. And don't ever place these containers near stairways, in small closets, or near heating appliances.

Never use a flammable cleaning fluid in your basement or near any ignition source. If you must dry clean in the house, make sure there are plenty of open windows for good ventilation. You're better off doing it outside, though, and remember to give clothes a good airing before bringing them back into the house.

Rags soaked with furniture polish, paint, turpentine or other oily substances are safest when thrown away (outside) right after use. If you have to keep them, put them in a covered metal container. An old coffee can with a tight lid will do the trick.

OCTOBER 21 IS D-DAY FOR TROOP 334

The Monterey Heights Intermediate Girl Scout Planning Board joined Troop 334 in September to plan their activities for the coming year. The troop was especially interested in seeing films of some of their own previous activities, and shared this with the board.

The first big event for these Monterey Heights Scouts will be the three-day camp at Borrego. This is planned on a troop basis. Each troop will plan their own camp equipment, i.e., lanterns and camping gear.

They will leave Friday, October 21, after school, taking a sack lunch for that night's supper. Setting up camp, scavenger hunt, treasure hunt, and the high point of the camp—the hike up to Palm Canyon—are some of the planned events for this exciting way to celebrate the birthday of the national founder, Juliette Lowe.

Transportation details are being worked out. Announcement of this event will be provided in more detail before the October date of the camping trip.

STEWARDSHIP NIGHT SET FOR WEDNESDAY BY BAPTIST CHURCH

The Woman's Missionary Union of the First Baptist Church of Lemon Grove will observe their annual stewardship night next Wednesday at 7:45 p.m. during the midweek prayer service. Each of the auxiliaries will have a part on this program. A skit entitled "Waked Up" will be presented by some of the ladies.

Mrs. I. R. Owens, the chairman of the Stewardship Committee, is in hopes that this type of meeting will teach all the church members the real meaning of stewardship and help them to realize their responsibility of the use of their time, money and talents.

Vaughts Go North On Christmas Buying Trip

Christmas buying took Bob and Susie Vaught to San Francisco last week when they attended the National Photographer's Trade Show.

The Vaughts said they were particularly impressed by the new Eastman three lens turret with each of the lenses having a speed of f: 1.9. Such equipment usually sells for more than \$200. The new Eastman camera sells for less than \$80.

The Vaughts operate the Lemon Grove Camera Shop at 7848 Broadway.

A successful person always encounters petty jealousies, especially among his childhood acquaintances.

HATS OFF TO KUTMASTER!

You've never seen such an exciting offer as the wonderful new Kutmaster Cutlery set, complete with its rich modern, blondwood Wall Rack which we're currently featuring.

When you take advantage of this offer you get seven useful, handsome, long-wearing knives—a pot fork—and the beautiful, decorative wall rack all for just about one-third of their regular retail price.

But that low cost isn't all — look at the wonderful value features you get!

1 Modern blondwood wall rack. Keeps you from dangerous fumbling for knives in an open drawer. And it's a "must" for homes with little children—because it keeps those sharp shining knives high above little fingers. And any steel expert will tell you this wall rack will keep blades sharper—for longer.

2 Stainless steel blades. They're all of sturdy heavy gauge steel, all hollow ground—to take years of normal family punishment—and still stay sharp, shining, useful.

3 Handles of genuine Pakkawood birch. They're beautiful, and rich looking. But more important, they're guaranteed to hold that color and beauty for life. (Most knife handles fade within a year.) And important to your safety—Pakkawood won't absorb grease. (Most knives do, and that grease makes them slippery, and often dangerous.) Pakkawood doesn't stain. It resists acids. It even resists heat as high as 400°. (Want to prove it? Just lay a lighted cigarette on the Pakkawood handle, and see for yourself how it shrugs off heat.)

4 The 8-piece set consists of slicing knife, a steak knife, a french cook's knife, a butcher knife, a utility knife, a paring knife, a ham slicer—knives for every possible kitchen use. The set also includes a handy pot fork and, of course, the wall rack.

Here's how you can get this superb cutlery set: Each of the eight units of the Kutmaster set will be featured for one week at our stores. You can get one unit a week at just a small fraction of what they would ordinarily cost you.

Don't miss this wonderful bargain. If you've missed the first two units, come in today—all stores still have a supply of knives left, and we've just received a huge shipment. Be sure to get all eight pieces.
